COMMITTEE REPORTS

SEWER – Kahrs, *committee chair*. From the December 8th, 2024 (CEI) Compliance Evaluation Inspection I received a letter from the DEQ reviewing the findings. I was required to submit a response by February 8th on some of the items listed. I submitted the response and on Friday February 9th I received a second notification stating that they did not like what was submitted on two of the items and I would have to redo the response for them by March 11th. Since I was going to be at the meeting, I thought it could be reviewed verbally at the meeting.

Weed whacking the banks at the sewer ponds – have we found an alternate way to do this? We will still need to do a little spraying along the fence line, but we should not spray the banks anymore.

One item that was not in the above letter was the fact that we need to have the sludge checked in the ponds this year and once every 5 years thereafter. I have a quote from Infrastructure Alternatives to do the sludge checking.

I have spent some time on the phone with Zach from Moore and Bruggink, so I am certain we will see some billing from them.

BUILDING & GROUNDS – Kahrs, *committee chair*. Replaced light in Hall. We had 1 ½ day rental. Purchased a string mop to clean hall floors. Wanted to purchase a couple more gray floor mats to protect hall floors from traffic. The Hall refrigerator was making a noise, had a \$50 service call to pull it apart and remove a piece of plastic that was hitting the fan. There was a request from a resident to display Casnovia historical documentation in the built in Hall display shelves. The shelves are in disrepair and there was discussion with the Council members about repairing them. The shelving units are typically covered up by renters due to their appearance. The Council discussed filling in the shelves when the Hall walls are repaired and agreed it was not suitable to store historic documents in the built in shelf units. The council agreed that we could display some of the historic documents in the display case in the office. The understanding should be that the display case is not suited to retain historic documentation integrity. Historic documents may be brought to the Village office during regular hours and the office staff can place what fits in the display case.

STREETS – Morris, *committee chair*. No updates

SIDEWALKS - Palinski, *committee chair*. Contractor will begin work on the sidewalks the 2nd or 3rd week of April.

ZONING – Frary, *committee chair*. No updates.

DISMANTLED CARS – Bennitt, *committee chair*. No updates.

Motion by Kahrs, supported by Frary, to temporarily adjourn to begin Special Meeting at 7:00pm.

Roll call: Ayes: Kahrs, Frary, Palinski 3 Ayes Nays: 0. Motion carried.
